Cisco Root Store Update

J.P. Hamilton

Director, Cryptographic Services

Security & Trust Organization

Jun 6, 2023

Update

- Introduction: Welcome to Steve Topletz
- Cisco Root Stores
 - Hundred+ of product teams
 - Thousand+ products
 - Hardware
 - Software
 - Services

TRS

- Today (3 bundles) – Cisco Roots are in all three bundle types
 - Intersect (94)– Must be in MS, Mozilla, Apple, and Google trust stores
 - Union – (199) Must be in any one of MS, Mozilla, Apple, and Google trust stores
 - Core – (24) Limited Root CAs, only used for authenticating TLS traffic to Cisco
- Future
 - Same three as above + A La Carte (product teams can create their own bundles)
 - Revocation of TRS bundles: Each bundle release will be tied to an individual certificate.
