

# Cisco Trusted Root Store

## CABF (Virtual) Face-to-Face 51 Update

**CRYPTO**  
SERVICES

**Conversion to CCADB**

# First Wave Down

- First phase of conversion to CCADB content is complete
- About to do our second release using CCADB content as our primary source

**Reminder:** CCADB content covers Intersect ("Original Recipe") and Union ("Extra Crispy")

# Second Wave Incoming

- In the spring, we're planning second phase start
- CAs should expect a brief request through the CCADB contact channel to confirm inclusion

# Miscellaneous Updates

- OCSP issues resolution - Consideration of a standard deadline
- More aggressive removal of expiring roots
