## 2. System Feature Updates

### 2.1 Add/Update Contacts

## 2.1 Add/Update Contacts

### Intent: **Simplify & Automate**

- CA Owner submits **one** 'Add/Update Contacts' case
- Can add or update **one** or **more** Contacts within their organization in each case
- Licensing for a Primary POC is now automated

## 2.1 Add/Update Contacts

### With this update CA Owners can have three types of contacts:

1. A '**Primary POC**' is a contact who intends to log in to CCADB.
2. A '**POC**' is a contact that cannot log in to CCADB but will receive CCADB notifications.
3. A contact who no longer needs notifications from or access to CCADB is '**Obsolete**'.

The 'Type' value inside the case will auto populate with one of the above values depending on how these questions are answered in the case:

- Is a CCADB Login Required?
- Is this Contact Obsolete?

## 2.1 Add/Update Contacts

- First name, last name, and individual email address are required.
- All questions require an answer.
- If the contact is a Primary POC, a phone number is required.
- If the contact has a Bugzilla Account, their Bugzilla username is required.
- A contact who was previously obsolete can be reactivated by changing the 'Is this Contact Obsolete?' value to 'No'.

### Add Contact

Salutation	--None--
First Name*	Test
Last Name*	User
Preferred Name	
Type ⓘ	
Email* ⓘ	testuser@test.com.donotuse
Phone ⓘ	555-555-5555
Is a CCADB Login Required?* ⓘ	Yes
Is this Contact Obsolete?* ⓘ	No
Has a Bugzilla Account?* ⓘ	Yes
Bugzilla Username ⓘ	testuser@test.com.donotuse
Change Status
