

Meeting of European CAs

- 7 CAs met on 11/06/2019
- Main topic: Relation between QWACs, EV and OV
- Misunderstandings in reading and interpreting ETSI standards compared to CABF standards and different interpretations based on other technical and jurisdictional perceptions and diversities
- Work on addressing these misinterpretations with stakeholders (ETSI-CABF-EC)
- Presentation of problem statement at F2F in Bratislava
- Will establish a email group to discuss and exchange experience
