

In response to the notice of IPR Review period for the amendments to the Baseline Requirements from the passage of Ballot 169, Symantec submits this exclusion notice for the Baseline Requirements, version 1.3.8 onward. Symantec excludes the following patents and applications from the CAB Forum RF License. This email, sent to the CAB Forum Chair, should be considered Symantec's formal exclusion notice, in accordance with Clause 4.3 of the IPR Policy v1.2, effective upon receipt by the CAB Forum Chair.

<b>Patent or App. No.</b>	<b>Title</b>	<b>Status</b>	<b>Numbered Section of Guideline to which it applies</b>
US7003661	Methods and Systems for Automated Authentication, Processing and Issuance of Digital Certificates	Granted	BR 3.2.2.4.4
US7120929	Methods and Systems for Automated Authentication, Processing and Issuance of Digital Certificates	Granted	BR 3.2.2.4.2, BR 3.2.2.4.4
US7562212	Methods and Systems for Automated Authentication, Processing and Issuance of Digital Certificates	Granted	BR 3.2.2.4.2, BR 3.2.2.4.3, BR 3.2.2.4.4
US8028162	Methods and Systems for Automated Authentication, Processing and Issuance of Digital Certificates	Granted	BR 3.2.2.4.4
AU2002335062	Methods And Systems For Automated Authentication, Processing And Issuance Of Digital Certificates	Granted	BR 3.2.2.4.2, BR 3.2.2.4.3, BR 3.2.2.4.4
CA2463504	Methods And Systems For Automated Authentication, Processing And Issuance Of Digital Certificates	Granted	BR 3.2.2.4.4
CN02824814.7	Methods And Systems For Automated Authentication, Processing And Issuance Of Digital Certificates	Granted	BR 3.2.2.4.4
EP1436938	Methods And Systems For Automated Authentication, Processing And Issuance Of Digital Certificates	Granted (awaiting final registration in France, Germany, and Great Britain)	BR 3.2.2.4.4
JP4608212	Methods And Systems For Automated Authentication, Processing And Issuance Of Digital Certificates	Granted	BR 3.2.2.4.2, BR 3.2.2.4.4
HK1076950	Methods And Systems For Automated Authentication, Processing And Issuance Of Digital Certificates	Granted	BR 3.2.2.4.4
