

Symantec excludes the following patents and applications from its grant. This email should be considered Symantec's formal exclusion notice, in accordance with Clause 4.3 of the IPR Policy v1.2, in relation to both the EV Guidelines v1.5.9 and the Baseline Requirements v1.3.4.

Patent or App. No.	Title	Status	Numbered Section of Guideline to which it applies
US7003661	Methods and Systems for Automated Authentication, Processing and Issuance of Digital Certificates	Granted	Method #4 in BR 3.2.2.4
US7120929	Methods and Systems for Automated Authentication, Processing and Issuance of Digital Certificates	Granted	Method #4 in BR 3.2.2.4
US7562212	Methods and Systems for Automated Authentication, Processing and Issuance of Digital Certificates	Granted	Method #4 in BR 3.2.2.4
US8028162	Methods and Systems for Automated Authentication, Processing and Issuance of Digital Certificates	Granted	Method #4 in BR 3.2.2.4
AU2002335062	Methods And Systems For Automated Authentication, Processing And Issuance Of Digital Certificates	Granted	Method #4 in BR 3.2.2.4
CA2463504	Methods And Systems For Automated Authentication, Processing And Issuance Of Digital Certificates	Granted	Method #4 in BR 3.2.2.4
CN02824814.7	Methods And Systems For Automated Authentication, Processing And Issuance Of Digital Certificates	Granted	Method #4 in BR 3.2.2.4
EP02801062.7	Methods And Systems For Automated Authentication, Processing And Issuance Of Digital Certificates	Application	Method #4 in BR 3.2.2.4
JP4608212	Methods And Systems For Automated Authentication, Processing And Issuance Of Digital Certificates	Granted	Method #4 in BR 3.2.2.4
HK1076950	Methods And Systems For Automated Authentication, Processing And Issuance Of Digital Certificates	Granted	Method #4 in BR 3.2.2.4
